► **Functionality**

How well are the rooms arranged in relation to one another?

1. It's easy to find your way around
2. The rooms are right for the activities that take place
3. The buildings and grounds are laid out well
4. The rooms are comfortable to work in
5. Things work properly

► **Design and build quality**

How easy is it to maintain the building?

6. The exterior is well-made
7. The interior is well-made
8. The decoration is nice
9. The design is right for a school or college
10. The buildings are made of good materials

► **Impact**

How does it affect our community?

11. It does not cause traffic problems
12. It looks 'right' in the community

Questionnaire

Things that I would change or improve:

▶ Functionality

E.g. I would like better lighting in the classrooms, and signs or maps in corridors to help me find my way.

.....

.....

.....

.....

▶ Design and build quality

E.g. I would like the inside to look smarter, as this would encourage people to look after it. Carpet would be nicer than vinyl floors.

.....

.....

.....

.....

▶ Impact

E.g. I would like a brick building that looks like the houses nearby, and more space for cars to drop people off.

.....

.....

.....

.....
